## DETAILED ACTION

### *Oath/Declaration*

1. Applicant has not given a post office address for John V. Machado. A statement over applicant's signature providing a complete post office address is required.
2. The declaration must specify at least one error being corrected. Note that the original declaration discusses an error to claim 1, which no longer applies.

### *Claim Objections*

3. Claims 73 and 74 must be underlined in their entirety.

### *Claim Rejections - 35 U.S.C. § 251*

4. Claims 19 and 21 are rejected under 35 U.S.C. 251 as being an improper recapture of broadened claimed subject matter surrendered in the application for the patent upon which the present reissue is based. See *Hester Industries, Inc. v. Stein, Inc.*, 142 F.3d 1472, 46 USPQ2d 1641 (Fed. Cir. 1998); *In re Clement*, 131 F.3d 1464, 45 USPQ2d 1161 (Fed. Cir. 1997); *Ball Corp. v. United States*, 729 F.2d 1429, 1436, 221 USPQ 289, 295 (Fed. Cir. 1984). A broadening aspect is present in the reissue which was not present in the application for patent. The record of the application for the patent shows that the broadening aspect (in the reissue) relates to subject matter that applicant previously surrendered during the prosecution of the application. Accordingly, the narrow scope of the claims in the patent was not an error within the

Art Unit: 3671

meaning of 35 U.S.C. 251, and the broader scope surrendered in the application for the patent cannot be recaptured by the filing of the present reissue application.

The omission of the "centered" feature and "both sides of the rail" from the claim language of independent claims 19-21 necessitates this rejection based on recapture. These features were required for patentability in claim 1 of the parent application.
